

Intercollegiate Broadcasting System

PRINTED SUPPLIES AVAILABLE

The Business Department of the System stocks quantities of several helpful forms which are for sale in quantity lots to stations at very low cost. A convenient order form and samples of those items currently available will be found on the following pages.

We would like to hear from you if you need any item of printed material that the System might design and print to meet the needs of the member stations, or if you use an item of printed material at your station which you think might be useful to other stations.

The System will ordinarily print for any member station, at cost, any form which the System does not sell itself. Contact Member Services for details. (Address on MH Page 02.00).
